

List of Claims:

1 - 3 (cancelled).

4 (previously presented). The sink of claim 26 further comprising the panel, wherein a front face of said panel is decorated with a three-dimensional decoration.

5 (previously presented). The sink of claim 4 wherein said panel is constructed of metal.

6 (previously presented). The sink of claim 5 wherein said panel is constructed of a metal different from that of said sink.

7 (previously presented). The sink of claim 26 wherein said fastener is a bolt for insertion through said hole.

8 (cancelled).

9 (previously presented). A kitchen counter assembly comprising the sink of claim 26.

10 - 25 (cancelled).

26 (previously presented). A farm sink, comprising:

a kitchen sink including a top surface having a depression defining
basin of the sink;

a decorative panel; and

an apron depending downwardly from a front portion of the sink
and forming an integral part of the sink, said apron being
spaced apart from the basin by a substantial gap, said apron
having at least one hole for receiving a fastener for
attaching the decorative panel to the sink, said decorative
panel being sized and shaped so that it is spaced apart from
the boundaries of said apron when attached thereto, for
displaying the decorative panel on the sink.

27 (previously presented). The sink of claim 26, wherein said apron has a front surface
having a recess adapted to receive the decorative panel, wherein said hole is provided in said
recess.

28 (previously presented). The sink of claim 27 further comprising the panel, wherein a front face of said panel is decorated with a three-dimensional decoration.

29 (previously presented). The sink of claim 28 wherein said panel is constructed of metal.

30 (previously presented). The sink of claim 29 wherein said panel is constructed of a metal different from that of said sink.

31 (previously presented). The sink of claim 27 further comprising at least one bolt for insertion through said hole.

32 (cancelled).

33 (previously presented). A farm sink, comprising:

a kitchen sink including a top surface having a depression defining
basin of the sink;

a decorative panel; and

an apron depending downwardly from a front portion of the sink

and forming an integral part of the sink, said apron being spaced apart from the basin by a substantial gap, said apron having a front surface having a recess adapted to receive said decorative panel within said recess, for displaying the decorative panel on the sink.

34 (previously presented). The sink of claim 33 further comprising the panel, wherein a front face of said panel is decorated with a three-dimensional decoration.

35 (previously presented). The sink of claim 34 wherein said panel is constructed of metal.

36 (previously presented). The sink of claim 35 wherein said panel is constructed of a metal different from that of said sink.

37 (previously presented). A kitchen counter assembly comprising the sink of claim 33.
